

# Principles of Irrigation (Agriculture) Class

## January 8-9, 2018

Sponsored by  
**Idaho Irrigation Equipment Association**

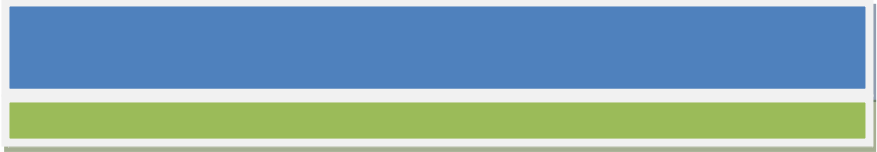

**Shilo Inn**  
Temple View room  
780 Lindsay Blvd  
Idaho Falls, ID 83402

### **Principles of Irrigation** Intermediate | Agriculture 16 IA CEUs

**Instructor:** Clare Prestwich, CAIS, CID, P.E., an Irrigation Engineer on the National Water Quality and Quantity Technical Development Team brings twenty four years of experience to the job. He started with NRCS (then SCS) in Roosevelt Utah field office, as Project Engineer on the Unitah Basin Colorado River Salinity Project. He has since served as an Area Engineer in Cedar City, Utah, the Utah State Irrigation Engineer, in Salt Lake City, and the Idaho State Irrigation Engineer in Twin Falls, Idaho. Clare holds both a BS and MS in Agricultural and Irrigation Engineering from Utah State University in Logan Utah. He is a member of the American Society of Agricultural Engineers, the American Society of Civil Engineers, and is an Irrigation Association Certified Teacher. His Professional Engineer license is for the State of Utah.

**Course Description:** Master fundamental theory and application principles for agriculture in this intensive session for experienced irrigators (taught in Imperial units). Two full days cover soil-water-plant relationships, advanced hydraulics, electricity, pumps, specialty valves and irrigation equipment. Suggested review for the certified irrigation designer general agriculture exam.

**Register for the course** by visiting  
[www.irrigation.org](http://www.irrigation.org) or by completing  
the form on the back of this flier.
