

Idaho Irrigation Equipment Association

Report

IIEA Summer Meeting is August 2-3

The Idaho Irrigation Equipment Association's Summer Meeting will be August 2-3 at the beautiful MeadowCreek Golf Resort in New Meadows and McCall area.

The Bernie Fischer Memorial Golf Tournament will begin at 12 noon on Thursday, August 2nd. There will be a box lunch included with golf fees available at 11:15 am. Non-golfers can hang out at the MeadowCreek Golf Course and go swimming in the pool, play tennis, or do crafts and activities in the conference room by the pool.

The entire group will meet up at the pool for dinner at 5:30 pm.

We will play BINGO and other games after dinner. If you have raffle items, please bring them.

On Friday, August 3rd, we have invited John Bernardo from Idaho Power to speak about, "Idaho Power Energy Sustainability."

The IIEA Board will meet at 10 am to start discussion of Winter Show plans. If you have any timely topics, please let a Board member know.

Summer Meeting Seminar

“Idaho Power Energy Sustainability”

John Bernardo will discuss hydro power, natural gas, wind, solar and other energy sources.

John Bernardo is currently serving as the Sustainability Strategist for Idaho Power Company - the largest electric utility in Idaho. He is implementing the tenets of sustainable operations and corporate responsibility into the corporate culture. Bernardo is also Founder and Principal of Sustainable Innovations LLC, and currently consults with businesses to identify, strategize, implement and monitor process and technological improvements to enhance sustainable packaging and operations. These improvements increase operating efficiencies, reduce environmental and societal impacts, and enhance employee morale, customer perceptions, and investor relations.

John has over 20 years experience in providing pollution prevention, energy conservation, recycling and sustainable operations assistance to large and small businesses. He was instrumental in many of the packaging initiatives launched by Albertsons Food and Drug to enhance container recycling and resource conservation. He is Founding Partner of EuroXT LLC, the exclusive distributor of finely crafted, German engineered food waste processing technology in North and South America. The EuroXT technology shreds and dehydrates restaurant, commercial kitchen and grocery store food wastes for beneficial use in composting or anaerobic digestion operations.
